PROFESSIONAL SUMMARY

Software development intern at the African Clinical Research Network (ACRN) and Awareness 360 Fellow building at the intersection of technology, data and advocacy. Trained in data science and engineering through the Tech4Dev Women Techsters Fellowship, selected from thousands of applicants across Africa. Former President of Enactus HIT, one of Zimbabwe's university entrepreneurship chapters with a competition record spanning 1st place at JCI Nationals, a top-5 finish at Above the Influence Delta and 3rd place at Schneider Electric's innovation challenge. Twice chosen as Graduation Speaker before Zimbabwe's President and national dignitaries. Brings technical depth in Python, SQL, Django, Power BI and full-stack fundamentals together with executive leadership, research rigour and the communication range to move any room.

EDUCATION AND TRAINING

Women Techsters Fellowship (Data Science and Engineering) | Tech4Dev, Nigeria September 2025 – September 2026
· Selected from thousands of applicants across Africa trained in Python, machine learning, statistical modelling, data pipelines and end-to-end data engineering workflows

BTech Information Technology | Harare Institute of Technology (HIT) July 2024 – June 2028
· Twice-selected Graduation Speaker formal address before Zimbabwe's President and national dignitaries | Awareness 360 Fellow (2026) | Millennium Campus Fellow | Peer Educator | President, Enactus HIT
· Panellist at HIT Girls in ICT Celebration | Speaker at UNESCO Safer Campuses Launch and Technovation Week | Poet at International Women's Day Celebration
· Project Manager, Vaka (HIT 200): led end-to-end market research, customer validation and feasibility analysis for a diaspora-to-local construction marketplace; built data collection systems and translated user feedback into product decisions

A-Level: Mathematics, Physics and Computer Science | St George's College, Harare February 2022 – November 2023
· Zimbabwe National Public Speaking Team | CBZ Seniors Winning Debate Team | Secretary of Orators and Senior Debate where I helped lead the team to regional championship victory

LEADERSHIP AND EXPERIENCE

Software Development Intern | African Clinical Research Network (ACRN) June 2026 – Present
· Contributing to the development and maintenance of clinical research software platforms, supporting data integrity, system reliability and compliance within a regulated pan-African research environment

President and Data Lead | Enactus HIT August 2025 – June 2026
· Led e-Mukoko (IoT hive monitoring system): directed audience segmentation and engagement analytics for smallholder farmers project placed 1st at the JCI National Competition
· Developed an educational game suite for the Above the Influence Delta Competition, finishing among the top 5 teams winning \$1100
· Engineered a battery innovation solution for the Schneider Electric Challenge, placing 3rd nationally out of university teams across Zimbabwe (winning \$1000)
· Conceived and executed the Innovation Impact Competition (March 2026) HIT's largest student-entrepreneur event managing end-to-end logistics, partnerships, prizes and a 50+ member team

Squad Lead (Research, Advocacy and Digital Communications) | She STEMs Foundation November 2025 – Present
· Produced data-driven content for the #SHINE mentorship program Women's Month campaign analysed post-performance metrics across LinkedIn, Instagram and Facebook to optimise reach leading research and policy advocacy advancing gender equity in Zimbabwe's STEM sector

TECHNICAL SKILLS

- Python (pandas, NumPy, data pipelines)
- SQL and MySQL | Power BI | Tableau
- Microsoft Excel (advanced) | EDA
- Django | C# | HTML | CSS | JavaScript
- Research design and insight reporting
- Digital marketing, SEO and content strategy
- Public speaking and technical presentation

CERTIFICATIONS AND RECOGNITION

- Awareness 360 Fellowship
- Women Techsters Fellowship (Tech4Dev)
- Internet Governance Certificate
- Externship Certificate
- Millennium Campus Fellowship
- Content Creation and Digital Marketing
- Multiple DataCamp Certificates
- McKinsey Forward Certificate
- Highlife Foundation Scholarship
- Google Data Analytics
